# WOMEN THAT RUN WITH THE WOLVES

FOR LEADERS WHO WANT TO NURTURE EQUALITY

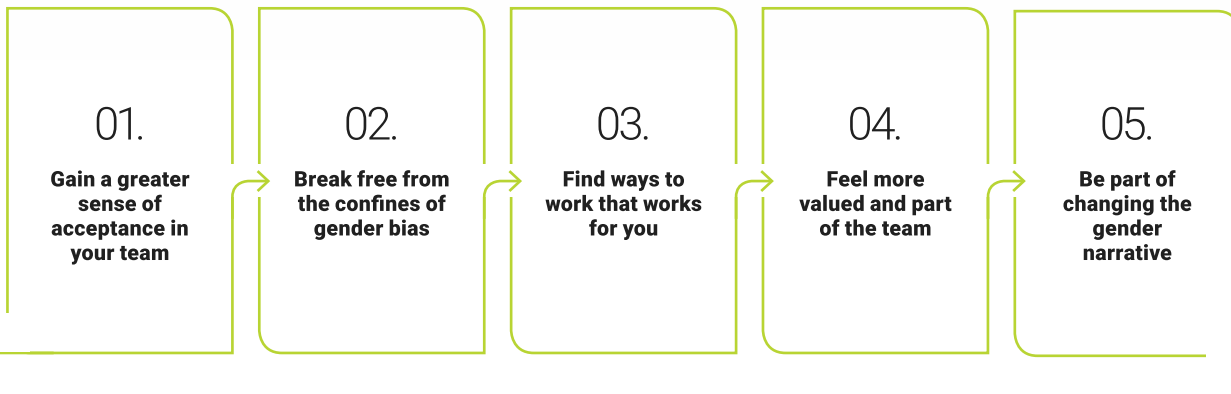

There is a great need for establishing and emerging more women leaders. The Women That Run With Wolves Journey is a path-way to fast-tracking women leadership in business.

## A JOURNEY OF EMPOWERMENT:

These journeys are designed to bring greater equality to the world of work. Our current offering focuses on gender, however we are currently designing offerings for any form of inequality. Our gender equality offering can either be for just women, or can include men. We understand the legacy that drives inequality, and we develop solutions, including policy recommendations, communities of support and techniques for managing toward more equal and empowered interactions with each other.

Journeys and experiences that help business leaders to lift motivation and build intention and purpose. We are artists of facilitation and storytelling, with a real world Inspiration Centre designed to welcome you, and a virtual platform to enable scalable, interactive connection with your wider world.

We have leveraged our decades of engagement, change and coaching experience to design a series of day long journeys that give a helping hand to leaders. These journeys give leaders 'wings', across four domains that have been crafted to support leadership excellence, team motivation and business performance.

We would love to welcome you, and support you in your mission. Our aim is to share our natural and special space, to hold a moment in time that is fresh, open and authentic: engendering a feeling of vitality. We want to make leadership an effortless, intentional and fluid experience. We ensure leaders and teams leave feeling energised, and imbued with practical and strategic insights. Come with your people to create and sustain the warm glow that comes from connection and open up beautiful, infinite possibilities. It is time to share dreams that motivate for a better future for all.
